

Homework

Whilst homework is a voluntary activity and there will be no penalty for non-compliance we really hope that parents encourage their children to do as much as is practically possible.
It is of great benefit to the child.

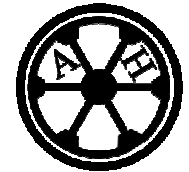

- Homework will be marked by staff and due celebration / praise will be given for effort but its greatest reward will undoubtedly be progress / attainment of the child.
- Items in bold text to be completed over the half term, due in the last week of each half term - intended to be an enjoyable family project. Evidence of adult help / support is welcomed – this is not a competition – it is a chance to teach your child vital practical skills at home – you are your child’s first and best teachers.
- Children are to be encouraged to work on reading, spelling and Mental Maths for a short time each evening when home life / commitments allow them to do so. It would greatly help if adults were available to support them with their homework. A quiet place and a regular slot in the evening’s routine would greatly benefit them.
 - Teachers retain the right to alter the timetable for unforeseen circumstances or to fit curriculum / seasonal or current requirements.
