WEST END & SUMMER SCHOOL

Your children will spend a fun filled week working with a team of West End professionals singing, dancing, and acting.

Our team will be made up of a musical director that will teach them songs around the piano, then our choreographer

will teach them the dances from their favourite smash hit West End shows. There will also be drama delivered by a West End actor for the kids to get their teeth stuck in to. No experience is necessary and the main aim of the week long summer school is to meet new friends and have fun!

Some of the numbers that will be covered will be from Aladdin, Wicked, Matilda, and Annie. We are bringing the West end to Hull. Students will showcase the work they have done at the end of the week in a performance for friends and family, and then we will throw them an end of summer school wrap party. We are delighted to announce that during the week students will get to meet and work with Hull's own Danielle Corlass who is currently starring as Linda in the UK National tour of Blood Brothers.

"What an amazing week which taught me loads of new skills and gave me an opportunity to work with professionals on a play I had never done before. It was alot of fun!"
Samuel Healey, GCSE Student, Haulieu School
